REMARKS

The allowance of claims 3 - 5, 7 - 9 and 11 in the last Action was acknowledged appreciatively in the Amendment of June 30, 2006. Therefore, the rejection of allowed claims 4 and 5 in the present Action of September 13, 2006, requires the approval of a Primary Examiner. MPEP 706.04.

As the approval of the Primary Examiner is not indicated in the Action, because the Primary Examiner did not sign it, which may have been necessary in any event, a new Action with a new term is required.

Reconsideration and allowance are also requested.

Respectfully submitted,

William R. Evans R. Evans
